Dear Mr. Crabtree :

Enclosed is a rather poor copy of an article on chipping arrowheads I have out in the current Mar-Apr. issue of Bow&Arrow magazine. After reading some of your writing and hearing so much about you over the years, I thought you might be interested in looking it over. It's rather aimed at the interests of the average archer rather than the serious specialist. At the moment, I have an exhibit on fluting going around the universities here.

Good chipping,

Errett Callahan
