Dear Don,

Jackie and I certainly want to thank you for your generous \$50 contribution. This 10 year subscription will hold, no matter how our prices go up (we tried starting out a little on the high side so we won't have to for a long time.) With your support and that of the many others who have been flooding us with mail, it looks like we are headed for a successful first year. I hope it keeps up.

Tho we didn't do too well with Rinehart in Texas, we got an order and a nice note from McCormick of Colorado. So we may be reaching the non-academic knappers afterall.

Needless to say, I want to interview you soon. As it looks now I have not a penny to get to Tucson on nor, with the field school, the time. So, unless you will be around these parts or unless you have another idea, I may send you a list of questions and a cassette tape and, if you have access to a recorder, have you put your responses directly on tape. Alternately, we could do a telephone interview. But we haven't the funds. Well maybe with your donation we do. Let's say this, if we clear the volume I expenses with enough left over, I'll give you a buzz. I already have a sampling of your points (at least 1 or 2 types). Do you have any others you might wish to represent you (Folsom, percussion, etc.) and which you could lend me to draw then return? No rush. (Bonnichsen's in the next issue.)

Very best of wishes
& sincerest thanks,

Errett
