Dear Mr Crabtree:

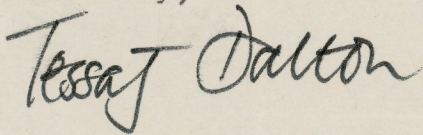

Enclosed are pages two through seven of chapter four of Mr Michener's manuscript. He has asked me to send them to you for your perusal.

Please feel free to make any changes you feel are necessary -- Mr Michener wants to make this exactly right, and also wants to introduce the word 'knap'. Also, is his description of the making of the flints accurate?

The other page enclosed -- XIV-56 -- is only temporary, but Mr Michener would very much like your response to this as well. Again, please feel free to make the slightest change on any of these pages.

We look forward to receiving your comments.  
Many thanks for your help in this matter.

Sincerely,

Tessa J. Dalton
