Dear Don:

I was very pleased to hear that your trip to Dallas was a success. The other day I received a letter from Fred Wendorf thanking me profusely for suggesting your visit. He was completely ecstatic over the whole affair, as of course I knew he would be.

Enclosed are copies of some recent publications by our laboratory including the work of Bowers and Barnes at Brown's Bench.

Please give my best to your wife and to the group at ISU.

Sincerely,

Richard
