Dear Mr Crabtree:

This is to acknowledge receipt of your letter and alterations to Mr Michener's manuscript on the Folsom Point. He is away at present, but asked me to tell you that he is most impressed both with your suggestions and the way in which you expressed them. As soon as he has had a chance to review your letter I know he will be writing to you personally.

Meanwhile, very many thanks for all your help on this.

Sincerely,

*Tessa J Dalton*
