Dr. Edward S. Davidson
Executive Officer
Office of Academic Studies
Smithsonian Institution
Washington, D. C.
20560

Dear Dr. Davidson:

It is indeed a pleasure to be able to recommend Carl J. Phagan for any assistance that you may give him. He has a great deal of interest and enthusiasm in the field of lithic technology. Continued work in this field should be encouraged because any information derived from his research should be a valuable contribution to the profession.

I will be glad to give him any assistance possible and feel that he is very competent to continue his work in this field.

Sincerely yours,

Don E. Crabtree
