Dear Mr Crabtree:

Mr Michener has just finished re-working the section of his book on Early Man and asked me to write and say how tremendously impressed he was with all you did for him. Not only did you do a large amount of work on this part of the chapter, but there was obviously a great deal of thoughtfulness and detail involved.

As payment for his appreciation, Mr Michener would like to send you \$25.00, if that would be acceptable to you.

Again, many thanks for all your invaluable help.

Sincerely,

Tessa J Dalton
