Dear Mr. Crabtree:

We are in the process of preparing a press release relative to the opening of the stone-chipping exhibition here in February. I have considerable background material, including the labels, from the Department of Anthropology. However, I lack information about your background. Since your demonstrations, in person and on film, will be such an important part of the "show," would you please send me a resume of your career or any pertinent information about yourself. Before the press release is sent out, I will forward a copy for you to check.

Thanking you, I am

Cordially yours,

Robert W. Dana
