Dr. D. Crabtree  
U. of Idaho

Dear Sir,

I am a high school teacher involved in teaching Anthropology at the high school level. Part of our course deals with the Archaeology of Western North America. We are trying to obtain teaching aids but have found that the Denver Museum costs are beyond a present budget. I was wondering if we might borrow some of the points that you have Strapped (balsam, sashia, Javis etc) in order to make our own casts.

Thankyou for any assistance in this matter,

Sincerely Yours,

D. W. Drew
