Dear Davey:

Just received your letter and am looking forward to our visit. Will be on hand at the airport at 1:45 on August 24th.

I have plenty of rock and the various kinds but lack some of the woods. These do not create a problem, however, as we can get them from the local lumber dealer. I do, however, lack cordage and lashing material and adhesive. So, if you have anything like this, bring it along.

I have several small hibachis and a large barbecue so the fire is no problem. Also have plenty of antler, so don't bring any of that.

Think things will be fine and am looking forward to the experiments.

Hope to see you soon.

Sincerely,

Don E. Crabtree
