Dear Don,

I hope to see you and talk to you at the meetings in San Francisco, there is much to say and much to ask. For one thing, are you planning to give a class in lithic technology next summer? If so I am most anxious to enroll in it, bring my own stone from local sources and work on replicating the Paleo-Indian artifacts from China Lake. Where and how do I enroll?

With all best wishes to you and Evelyn, I remain.
