Dear Davey:

Thanks for your letter of March 22nd and the reprint on Cobble Smashing on Stonehills. A very good paper and so nice to hear from you.

We don't know yet if we will attend the meetings in San Francisco for we may have to go to London to be with Dr. Swanson at that time. Will make the decision next month.

About the school. We have not as yet received notice of the funding of the school for this year so have not accepted anyone as yet. However, only students who are working on their Ph.D. are accepted and we are allowed no visitors. Two reasons - I can not handle more than the six attendants and N.S.F. will not permit professions to attend. If we accept one visitor then we have to accept all who want to come to the school so we have a strict rule of no visitors. Also my schedule for this summer is very full and that together with my vacation time leaves no room for visitors. Sonny, Davey, but that is the way it is. Maybe we will see you at the meetings in San Francisco if we do not go to London. In the meantime, keep up the good work and hope we get together in San Francisco.

Sincerely,

Don E. Crabtree
