

SOCIETY FOR AMERICAN ARCHAEOLOGY  
E. MOTT DAVIS, SECRETARY  
DEPARTMENT OF ANTHROPOLOGY, THE UNIVERSITY OF TEXAS  
AUSTIN, TEXAS 78712

January 12, 1966

Mr. Don E. Crabtree  
Route 1  
Kimberly, Idaho

Dear Don:

In answer to your letter of the 31st, the reason that you have not received any copy of American Antiquity since the July issue, is that the October issue (and the memoir that went with it) was delayed in printing, and then there was a big follow-up regarding the mailing and we only just found out that the issue has been sitting at the printers in Salt Lake City without having been mailed out. As you can imagine, yours is not the only inquiry we have received about it. As far as I know, everybody will be receiving the October issue within the next week or so. For all I know, you may get it before you get this letter.

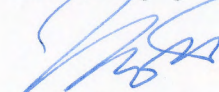

Dr. Campbell tells me that the January issue also may be a little late in coming out - perhaps early in February.

In any case, you have not been neglected - or rather you have been and so has everyone else in the Society. Since Tom Campbell gets a copy submitted in time to the printer, it upsets him pretty badly when the issue is delayed through no fault of his own.

It sounds like you are doing some mighty interesting work with Earl Swanson, and I look forward someday to seeing a report on this at a meeting, complete with motion pictures. I hear that some reports on your work are coming out in Tebiwa, and I am putting a note to this effect in the newsletter of the Texas Archeological Society. Doubtless, this will up the subscriptions for this year.

It was a real pleasure seeing you in Dallas and I hope we will be able to see each other again before too long - possibly at the meeting next May in Reno.

Sincerely yours,

E. Mott Davis
