Dear Mr. Crabtree::

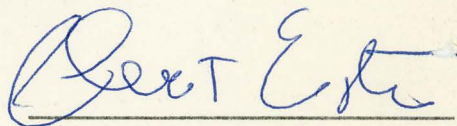

Ray Sims allowed me to read a copyh of your report re: "Meso-
American Flake Knives", published in "American Antiquities". The
report was so interesting that it has opened up an entirely new realm
to the amateur collector. Now I find that I am about as interested
in flakes as projectile points.

Would you please send me two copies of the report; one for my file
and one for an Administrator in the Pasadena School System. And, PLEASE,
tell us the cost to send you.

If you don't have the copies, please tell me where they can be
obtained?

Enclosed is a flake from the Sheep Creek Range just north of Battle
Mountain. I know that you have seen a lot of flakes like this, but every
time that I pick one up I mentally refer back to your article.

Best regards to you and Mrs. Crabtree ---

Chet Estes
