Mr. Ferlin Edens
5325 Prairie Hills Road
Boone, Colorado 81025

Dear Ferlin:

I have forwarded your check of \$10 to Idaho Museum of Natural History, Idaho State University, Pocatello, Idaho. My home address is in Kimberly, Idaho. Hopefully you will receive material covering subject matter that you mentioned in your letter.

I am sure you will find this a very interesting study and a challenge to do exact replications of aboriginal artifacts. It is time-consuming, exciting, and interesting, and I do hope you will enjoy it.

Periodical publications that I highly recommend are Flintknappers' Exchange and Lithic Technology. Flintknappers' Exchange can be subscribed to by writing 4426 Constitution N.E., Albuquerque, New Mexico 87110. Lithic Technology is published by the Center For Archaeological Research, The University of Texas at San Antonio, San Antonio, Texas.

I hope these publications will help you, and I would find it of interest to see what your accomplishments are after perhaps a year of experimentation.

Respectfully yours,

Don Crabtree, D.Sc.
Research Associate in Prehistoric
Technology
