CRAIG B. FISHER

Dear Dr. Crabtree:

Craig is out of the country in Greenland, of all places. I expect him back in the city by the beginning of next week. Before leaving he asked if I would send to you your portion of THE FIRST AMERICANS. I am sending the film off today and you can expect it by the end of the week.

Craig wishes to thank you for all your help and we all hope you enjoy the film.

Sincerely,

  
Patricia Rogers
