Buenos Aires; January 3rd. 1979

Dear Mr. Crabtree:

I just finished my studies in archaeology at La Plata Museum and am interested in lithic technology. At the moment I am assisting Prof. A. Cardich in analysing the materials from Los Toldos Cave. I am interested in attending the summer course at your Flintworking School and have a possibility of obtaining a Rotary fellowship for this purpose. Please could you send me all the information on the course and requirements to attend it. Also please let me know if there are further possibilities to work at your place.

Sincerely yours,

N. Flegeneimer

Lic. N. Flegeneimer.

My present address is:

Nora Flegeneimer
Arroyo 897 2H
