Dear Professor Crabtree

Enclosed find
two snapshots of the points I flaked out
I did not have very good luck with the
last bunch of flakes you sent me. The picture
is not clear but you notice nearly all the
articles are chipped of that red or brown
chips and I can work that better than the
black my work still runs to the Rubi.

Goldburg class although I have made
a couple that I am proud of. I hope you
had a good summer! I know you
want care to mess with me in the
future but I would like very much
to have another bunch of flakes. I am waiting
for the Georgia paper shell means to come
on the market I would like to send you some

Thank you and hope remain sincerely
Erinco Fletcher
