Dear Sir! I am

sure you had a very busy summer, but
hope you are coming to the end of it now
I have your letter of June 2. before me
but I sure would be proud to hear from
you again and get that publication on
pressure flaking, hope you received the snapshot
of the points I smeared out, and would surely
be happy to get some more flakes. Hope you
are in good health and good humor even after
you receive this letter. With many thanks for
what all you did for me and wishes of good
health and good luck I beg to remain

Yours respectfully

Frisco Fletcher
