Dear Sir!

I received the points
and let me assure you that you have made an old
man very happy, all my life I wished for a point
like you sent me, and they are my prized items
as a youngster when I found a point I wondered what
the maker of the article was like, and now I know who
made these and I know you have a Gods gift in your
ability to produce the finest I have ever seen and I
will prize them the rest of my life and breathe a prayer
for your good health and luck. The enclosed frog skin
I am enclosing is not in part payment for the points
because they are priceless and it would be an insult
to your kindness in offer such a paltry sum for your
work. I do however know that in your work you produce
many chips and flakes that I would love to get and
try to fashion bird points of them therefore the money
is for the trouble of you selecting some some of these
flakes and sending me a few I know

Obsidian is not over plentiful but You may have some and as long as they would not be a finished product of Yours I would try to pay You, just a handful either obsidian or good colored flint will be appreciated. Please do not feel offended by my the offer of money for You most kindly art let me know if I get the flakes

With God bless You and
 a hearty thanks I beg to remain
 Yours Respectfully
