Don E. Crabtree
Route 1
Kimberley, Idaho 83341

Dear Don:

This is a call for reports on 1970 archeological and palynological research to be included in the Summer, 1971 section of Current Research of American Antiquity.

Deadline for receipt of copy is Feb. 1, 1971. However, I'd greatly appreciate receiving copy as soon as possible.

Please limit your report to factual data, i.e. site location, institution, principal investigators, sponsors and brief summary of findings; omit speculations and future plans. Editor Wilmsen has requested all area editors to wield a heavy blue pencil in excising extraneous materials.

Please submit all copy double-spaced with ample margins.

Sincerely,

Don D. Fowler,
Great Basin Area Editor
American Antiquity
