Dear Don:

Happy May Day.

I am just now in the process of answering Earl's letter and am planning to attend the flintworking school; in case I don't see you before then, I want to let you know that I look forward to working with you very much. We all enjoyed having you here on your recent visit, and hope you had a pleasant journey home in your 20th century gypsy wagon.

I also wanted you to know that I did get in contact with Allen Mc Pherron (sp?) and will be giving a paper in Miami as a result. He was sorry to hear that you could not make it, but he did put me on the program to give a quickie version of my travelling road show. In any case, I look forward to Miami (although I don't particularly relish paying for the trip!).

In any case, I will be here at W.S.U. until the rock knocking school, and look forward to hearing from you, particularly if anything transpires with Müller-Beck. My best to you and Evelyn, and I hope to see you both soon.

Sincerely,

Ric Faulkner
