Dear Don & Evelyn,

after talking to you on the phone last night, I was very sorry to hear that you're depressed about the lithics situation. However, it will change for the better in the near future. I have great plans to do good work in lithic technology, and I can't do them without your help.

I didn't say thanks to you both last night on the phone because I wanted to say it in writing. WSU sounds like an opportunity of a lifetime and I owe that opportunity to you both — I'll never forget it. So, once again, thank you both for your part in getting me into WSU. One day I hope I can repay the favor.

Your student,
Jeff
