Richard D. Gibb, President
University of Idaho
Moscow, Idaho 83843

Dear President Gibb:

I owe you so many thanks---particularly for the lovely dinner, the most interesting pictures which I will treasure for all time, and also the beautifully illustrated book of Snake River Country which brings back a lot of memories of places that I have seen and I hope to see many more. Since I am a native son it makes me indeed proud to be a part of Idaho.

And again thanks to your lovely wife for her exotic dinner. My many thanks for such well-organized graduation ceremonies, banquet, receptions, and parties, and your thoughtfulness with providing Elizabeth Stevenson as a most charming and gracious hostess. Everything was perfect.

Too, I was most impressed by all of your facilities and the interaction between the departments and all of the time-consuming labors that were involved in my acquiring this honorary doctorate degree only made possible by Ruthann Knudson and everyone's co-operation.

Sincerely,

Don E. Crabtree
Research Associate in
Prehistoric Technology
