Thank you for your consideration of this letter. I wish again to express my gratitude for being selected to attend the 1972 school and can only say that the school should be continued at all costs. It has contributed enormously to my own training in archeology.

Thank you.

Sincerely,

Dear Don,

Hope you and Evelyn's health is better and you'll be up to the school this summer. As I said in the letter Jeff is a type of student you'll really delight in. Good luck with the camp (don't reach behind you and grab a core this year its bad luck & bad for the back!)

The school still stands out as one of the most dynamic experiences I've had in archeology. And as I stated in my letter you really helped make that experience.

Wish I was going back.

Sincerely,  
Al
