Dear Dr. Wright:

In accordance with our conversation the other day, the  
Foundation approves the use of approximately \$1,500  
remaining in the account for SOC 7103378 (formerly GS-28093)  
for permanent storage equipment for the archaeological  
materials resulting from Mr. Crabtree's work.  
Since Mr. Crabtree is unable to continue the research,  
no action will be taken to extend the period of the grant.

Sincerely,

Mary W. Grasse  
Associate Program Director  
for Anthropology
