Dear Mr. Gressley:

I really appreciate your generous offer for the preservation of the publications and archival material. I am only sorry that I have made previous commitments to the University of Idaho at Moscow for these materials.

At the time I did this I felt it would be an opportunity for more exposure of materials to both University of Idaho and Washington State University which is only eight miles away and also because of the profound interest in archaeological research of both institutions.

I am indeed grateful to you for your kind offer to house these materials. Should any changes be made I would be more than pleased to have them housed at the University of Wyoming library.

I shall always have fond memories for the opportunity to meet with the members of the Wyoming Archaeological Society that took place in Casper this spring.

I apologize for the delay in answering your letter.

Respectfully,

Don Crabtree, D.Sc.
