Dear Don + Evelyn,

Here are the slides I promised to send (they look pretty good, eh?). I have made copies for Betty and me.

There is still another roll to be processed - if the pictures are any good I'll send some of those along, too. I'm flying over to Maui on Sunday, maybe I can get some interesting photos there as well. The weather has turned murky here - I am glad you missed it and got the nice days instead.

Cheers,

Dick
