Dear Dick:

Thank you for your recent letter and zerox of your reply to Barbara Luedtke. You certainly did - as usual - a fine job of answering her questions. I, too, hope that I will have a chance to meet her one day - maybe at the meetings next May.

We have been busy having the flu, university work, building an addition for our Forest Service Building and now adding a family room to our little house. Can't seem to get caught up. Hope to as I want to visit the staff at Tucson in January and perhaps make a short trip into Mexico with the new camper - depending on gas of course.

Junius called and says you are returning to the mainland soon and believe he said he had you lined up with a museum in Conn. I had hoped that you and Dave Sanger would get together on the job at the University of Maine where you could teach, do research and continue your Australian work. Will be anxious to hear where you will be working.

Please give our very best to Betsy and Dick Leiban and all the fine staff in the department and we are now having pleasant thought of our trip to Hawaii last December. Maybe some day we can do it again when we will have the time to cover all the islands.

Sincerely,

Don E. Crabtree
