

UNIVERSITY OF HAWAII

Department of Anthropology

September 2/75

Dear Don,

Here is one item sent to me by one of our graduate students that I thought you would find of interest.

I just got back from the Manna Kea Adze Quarry, where I spent 2 very interesting weeks doing experiments and other work up there. That sure is a fabulous site!

Best wishes to Evelyn. I hope you are both keeping well these days.

Cheers,

Dick
