

Happy Holidays

H

Merry Christmas!

I hope with all my heart it will
be for you and that you can skip
that "Number 13."

We spent Thanksgiving with our
Modesto friends at their place in Strickberg,
up near Dodge Ridge Ski Resort. Rained
and then turned to snow, enough to cover the
ground and turn the big pines into a
white fairland. Was so beautiful and
peaceful. The five days there was like
a cleansing of the soul.

Talked my Dr. into putting me back
on Indocin, and results are amazing. Can
cross my legs when I sit, for first time in
three years. And I'm still not running any
races, getting around better than I would
have believed could be.

We will be with Del & Elaine and the
kids for Christmas. Sheila & kids make the
holiday for us. They are both darkies.

Take care and keep in touch,

Much happiness and love,

Nita
