

Greetings

This Merry Christmas greeting
Holds another wish too
Everything good in the New Year for you

Ready holiday greetings shouted with delight
Indulgent gift sharing in the lamplight
Cordial fellowship as families unite
Happy and ever welcome this holiday sight
All images that seem to beckon and invite
Riding through snow so clean and white
Delight of the season, redbirds in flight

Happiest and finest wished for you here
Inspired fellowship with each friend and peer
Lucky anticipation for the coming year
Tribute to bring you lasting cheer
Observe special closeness — a time to revere
Now look at the letters starting each line
See who sends you this Yuletide rhyme
