THOMAS W. HALEY, Administrator

July 30, 1970

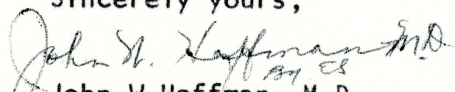

Mr. Don Crabtree  
Idaho State University Museum  
Pocatello, Idaho

Dear Mr. Crabtree:

I read with interest your article in the recent Science (10 July 1970) on flaking stone with wooden implements. In the bibliography you cite several of your papers on this procedure. I would very much appreciate receiving any reprints that you may have on this subject.

Thank you.

Sincerely yours,

  
John W. Hoffman, M.D.  
Pathologist
