Attn: Susan Phelps

Gentlemen:

Please refer to your letter of June 27, 1969 and note your promise to return the three photos I loan for John Pfeiffer's book, *The Emergence of Man* - i.e. photo showing the use of chest-crutch, the Francois Bondes photo, and photo of four Folsom points.

I am sure this is an oversight on your part but would greatly appreciate the return of these photos. I am now working on some material for Charles Scribner's Sons and it is possible I will need some of these photos.

Thanking you in advance for the return of these photos, I remain,

Yours very truly,

Don E. Crabtree
