Mr. Don Crabtree
Idaho State Museum
Pocatello, Idaho

Dear Mr. Crabtree,

I believe I understood, at the Norman, Oklahoma meeting of the SAA, that these films would be made available for classroom use. How can I go about getting them for my use at the undergraduate level? I teach one class in Southeastern Archaeology and one in Cultural Anthropology.

The Flintworker
Ancient Projectile Points
The Alchemy of Time
The Hunter's Edge

Also, I wonder if the Idaho State University Museum has a catalogue of available publications. I am particularly interested in publications dealing with the Paleo-Indian. That is the general topic of my Masters thesis, now in preparation. More specifically I am dealing with Paleo-Indian settlement patterns in this region.

Any help you can give me in these matters will be greatly appreciated.

Sincerely,

Charles M. Hubbert
