Davenport, Iowa 52804

Dear Miss Hall:

The American Museum exhibit on flintworking is on display at the Idaho State University Museum until April 1 when it is scheduled to be returned to the American Museum. I suggest that you write to Dr. Junius Bird, Dept. of Anthropology, American Museum of Natural History, to see if arrangements can be made for its showing at your Museum. We would be glad to make arrangements to send it to you if it is agreeable with the American Museum.

Sincerely yours,

Earl H. Swanson
Director
