Mr. Don E. Crabtree
Route 1, Box 39
Kimberly, Idaho 83341

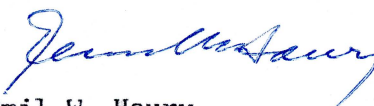

Dear Don:

Raymond Thompson has just shown me your letter of April 1 regarding the Hohokam points. It is a fortunate circumstance for me that you are working on this problem and your findings will be a great help to me when I get around to doing the Hohokam stone work.

A conflicting date, the annual meeting of the Arizona Academy of Sciences in Flagstaff, will keep me from going to Sante Fe, so I will not get to talk to you unless you can arrange to come to Tucson after Santa Fe. I hope sometime to be able to explore your findings in some depth. I am delighted that your paper will be published in the Kiva.

I look forward to seeing you.

Sincerely yours,

Emil W. Haury
