Dear Mr. Crabtree,

I was glad to have your letter concerning Missouri H. B. 787. You probably know that it is a child of the Missouri Department of Natural Resources, it is not a Missouri Archaeological Society bill at all. A copy of your letter, along with about 6 others, has been sent to various personnel of the Department of Natural Resources.

It happens that I am a member of the Missouri State Council on Historic Preservation and have been asked to make suggestions that would make the bill more acceptable. There is much disagreement concerning the bill and I would delete about half of it, they intend to try to get it passed another year, section 13 is not the only item that is under fire, I would simply delete all of section 13.

Sincerely,

Henry W. Hamilton
