Dear Don:

Please forgive my delay and this card instead of a good long letter, but since returning from Monaco I have been absolutely swamped.

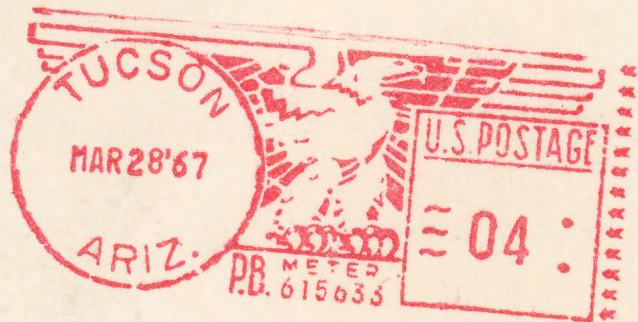

Thanks very much for the Sicama and the joint.

I let you know all about Mc Cormick after I've had a chance to communicate with him personally. In the meantime I figure the less he knows about other ways of knapping the better. I would love to get to Idaho this summer. we'll try.

Best wishes,
Vance
