Mr. Don E. Crabtree
Route 1
Kimberly, Idaho

Dear Don:

We've had a busy summer out here in California and its hard to realize its about over. I spent almost a month in Hawaii - an unexpected trip to film the almost extinct Hawaiian Goose in its natural habitat. It was very interesting but slowed down my letter writing.

I had intended writing you from Hawaii to thank you for the beautiful knives and points I received such a long time ago. They are remarkable pieces and I am pleased to receive them. Thank you so much.

We will be getting to work on the film soon - Des Clark has been in Africa and will return when school starts again. We felt we should not start on anything without the guidance of at least one expert but once we do start, it should go pretty fast. I'm looking forward to the film editing as I expect this to be one of our more important films and one that will have a wide circulation here and in Europe. We all are so indebted to you for your participation.

Again, thank you for the points; best regards to you and Evelyn.

Sincerely,

Wm. R. Heick
