Dear Don,

I have enclosed two pictures from this summer's flintknapping field school - I thought you might like to have them. I'm sorry the picture of you and Jeff is rather candid. I wanted a good picture of the two of you working together, but this is the only one I have.

Having heard much about you, I feel honored to have had the opportunity to meet you. Hopefully you enjoyed your stay at field school as much as we did.

Sincerely,
Paul Helling

P.S. Our names are on reverse of photograph
