March 2, 1972

Dear Mr. Crabtree:

Dr. Heizer and I are sending a copy of two recent bibliographies, one dealing with replicative experiments and the other with lithic technology. We hope that you will be interested in them.

If you are aware of references to experiment and replication which we do not list, we would be grateful to you for calling them to our attention.

Sincerely yours,

A handwritten signature in blue ink that reads "Tom Hester".

Tom Hester
