

WOODSMOKE®

JOURNAL OF OUTDOOR SURVIVAL AND SELF-SUFFICIENT LIVING

P. O. Box 62 Stevensville, Montana 59870

6 Jan 1979

Dear Mr. Crabtree,

As a fellow flintknapper and stone worker I thought you might be interested in our publication, WOODSMOKE. Our primary interest is in primitive skills but deals with other aspects of self-sufficiency as well.

I am sending you a complimentary copy of issue #7 which contains an article by a former student of yours, Paul Hellweg. You might also be interested in the article on Sage uses by Jim Riggs, also an accomplished outdoorsman.

I understand you plan to attend the second annual "Rabbit Stick" this year, we had looked forward to meeting you last summer at the event and were sorry to hear of your illness.

Hope you enjoy the journal,

Sincerely,

Richard Jamison
Editor
