Dear Don -

I can't express how sorry we were to learn of Evelyn's death - my attempt to find words has resulted in the delay in this note. She was always so wonderful to me - I think she had a special and unusual talent of making people feel very important. although we didn't see her very often, I know I will miss her very

much.

It is you that I think of
even more, now. Although we
can never fill the hole left
in your life, know that we love
you, are thinking of you and
try to let our strength shore
up yours.

Much love,

Lucy
