

SEPTEMBER 4, 1969

Dear Don + Evelyn;

Here are your slides -
I hope you like them, I
find the duplicates very
true to the originals. I'm
also sending you a print
of the Junius picture, it's
much easier to find + show
to people than a slide is!
I'll get Junius' copy to
him as soon as I get
organized.

I've just returned from
the beach to a rainy
New York - not the most
pleasant weather! My
obsidian has arrived +
I must admit that 1000 lbs
looks like an awful lot
in my small office! I
seem to have several seismic
bags - I'm going to start

opening them this afternoon
or tomorrow - I can't wait
to see them!

Hope I'll see you
fairly soon, too. Would
you believe January?

Love,

Lucy
