Dear Mr. Crabtree:

It was a pleasure to learn from Mr. Charles Bareis of your agreement to appear before the upcoming Workshop on Illinois Archaeology to be held in the Illini Union, Urbana-Champaign campus of the University of Illinois, Saturday, December 4, 1971.

Enclosed are a number of items for your information and convenience. If you will complete and return to me the audio-visual teaching aids card, I will be able to make the proper arrangements for you. A program is enclosed, marked for your convenience.

Thank you very much for sharing with this group the benefits of your special insights and understandings. I look forward to meeting you during the Workshop.

Sincerely,

Edward C. Kalb
