Dear Mr. Crabtree,

I taken the liberty of inclosing a copy of a paper prepared for a seminar class taught by William Longacre. Since you were kind enough to send me a reprint of the Science article and a portion of my paper incorporates much of your data, I thought perhaps you might be interested in this paper. I am sending one to Dr. Davis as well.

I would be interested in your comments. I may rework the paper into publishable form and submit the manuscript to a regional journal.

Sincerely,

Roger E. Kelly
