Dear Mr. Crabtree, August 23/94.

I am sending this unworked flint on behalf of M. Tixier to avoid the expense of mailing it directly from France. In June M. Tixier asked me to take the flint with me as I was returning to Canada at that time. I regret the delay in sending this box on to you.

If any problems arise or if any expense is incurred on your part when you receive these items please notify me. I can be reached at the above address or at
