Dear Ruthann:

Just got Flint Carpenter's phone number from his mother, Rosemary. It is Moscow 882-4275. Address is Box 8571, Moscow, Idaho 83843, as he lives about four miles outside the city.

We could call him and ask for the return of our book but would like very much for you to meet this fine young man. So will you please call him at the above number and ask him to return Don's book as he will be using it this summer. Hope you will like Flint as we think he is a ~~fine~~ really fine young man and would love to have you see the fine jewelry he is making.

We both hope you will apply for the position of director of the museum and believe the cut-off date is July 7th. Would love to have you at I.S.U.

If not sooner, we will see you in Vancouver. Have a nice summer.

Love,

Evie Crabtree
