Dear Don:

The faculty of the Laboratory of Anthropology of the University of Idaho, and the associated Department of Sociology/Anthropology, are pleased to welcome you as a Research Associate of the Laboratory and the Department. This is a University-approved \$1.00/year appointment, providing a basic affiliation and base of operations should you have use of our facilities or services. We in turn would welcome you whenever you can visit Moscow, and would hope to be able to provide some travel and honoraria support over time.

With the assistance of support from the President's Office, we will be able to provide telephone and secretarial services for you for the rest of this fiscal year. We have allocated up to \$1000.00 for an account for you, and as soon as you notify us of your acceptance of this position we will have the Controller's Office provide you with a telephone credit account. This is not a lot of support, but we hope it will be of some assistance in helping you keep in touch with other scholars and with our Laboratory.

Mr. Carl Kilsgaard, Assistant to the President for University Development, and Dr. Ernest Hartung, President of the University of Idaho, will be in Twin Falls for a meeting on 8-9 December. Mr. Kilsgaard suggested that perhaps they could have dinner with you the evening of the 9th, to meet and get acquainted with you and perhaps provide some assistance in your decisions about drawing up a new will. I have told them a lot about you, and how pleased we are to be able to have you affiliated with us, and I thought they might be of some help.

Please drop me a note if any or all of this is acceptable to you, and we will go from there. Welcome aboard!

Sincerely,

Ruthann Knudson  
Acting Director, Laboratory  
of Anthropology
